Subject: Missouri Electric Works: 3rd five-year review start

Don,

MEW is due for its third FYR in fiscal year 2014, specifically by August 2014. I'm starting to think ahead to who needs to be involved at MDNR and EPA, when to schedule a site inspection, etc. Let me know your thoughts and preferences on these issues. I'm not requesting any contractor support to write the FYR so I'll do it myself with your help.

(Pam, please consider this e-mail as my FYR start event for CERCLIS purposes.)

Thanks,
